## **About Us:**

Wisconsin Central Group is an ad hoc rail freight stakeholders coalition operating under the auspices of Wisconsin Paper Council, Wisconsin Manufacturers & Commerce and Michigan Forest Products Council.

## **Our Goal:**

To encourage, persuade and collaborate with Canadian National to assure:

1. Wisconsin Central level service and competition for market share for traffic that originates and/or terminates on lines of the former WC System; and
2. A transparent plan, executed in due course, to assure ample capacity for increasing traffic that originates and/or terminates on lines of the former WC System, including mitigation of the impact of increasing Prince Rupert traffic.
